Super Bowl Enforcement Stats

(ANCHORAGE, Alaska) – What a game! By now everyone knows the outcome of the most watched TV show in history. What you don't know yet are the results of the Alaska State Troopers Super Bowl High Visibility Anti- DUI Enforcement Effort. Many of our Troopers missed watching the Super Bowl (commercials) in real time as they were hard at work keeping Alaska's roadways safe. AST is pleased that many people had plans in place to not drive impaired while participating in game day party prepping, the big event, and after game parties.

During the high visibility enforcement effort, which lasted from 2/01/15 @ 0001 hours through 02/02/15 @ 0600 hours, troopers did the following:

- 4 misdemeanor DUI arrests, 0 felony DUI arrests
- 4 drivers charged with driving with a suspended or revoked license
- 12 REDDIs reported with 4 drivers contacted and ultimately determined not to be DUI
- 6 damage only crashes, 2 injury crashes, and 0 fatal crashes investigated by AST
- 169 citations were issued. 54 were issued for speeding and 19 were for seatbelt or other occupant restraint violations

Troopers encourage you to always practice safe driving behaviors when getting behind the wheel. And as always, Troopers also encourage everyone to Report Every Dangerous Driver Immediately by calling 9-1-1.

Funding for the focused highway enforcement was provided in part by grant sources distributed through the Alaska Highway Safety Office.
