

Alaska Scientific Crime Detection Laboratory
Change in Instrument Status Form

Version: 6.0

Effective: 1/17/2024

Date: 4/18/2025

Instrument #: ~~B-100668~~ COB 2025.05.05
B-100676

Instrument Location: NPPD hallway

Supervisor Name and Agency: Travis Wayne Koerner, NPPD

Describe the Status Change or Issue with the Instrument:

We moved the Datamaster from its historic location in the NPPD hallway across from the patrol room to the new wing hallway directly adjacent to the DUI sally port. The current location is a part of the same building, just new construction and much better ventilated than our current location. It was briefly turned off and unplugged from its original spot, then hooked back up and turned on in its new location.

If instrument was placed in service or removed from service, fill out the appropriate sections below.

In Service Date/Time: 04/18/2025 @ 2005 hours

Out of Service Date/Time: 04/18/2025@ 1945 hours

For Use by SCDL

Sorry, it's B-0000676. I leaned a little too hard on the copy and paste function. Would you like a new Change in Instrument Status Form?

Thanks

Travis,

Could you confirm the date and serial number for this change in instrument status? I think 100668 was removed from service in March 2025 for filter wheel errors.
